DISPLAY THE FLAG

WEATHER FORECAST.
Fair tonight and probably Wednesday; little change in temperature.

VOLUME 92—NUMBER 57

NEWARK, OHIO, TUESDAY EVENING, SEPTEMBER 18, 1917

TEN CENTS A WEEK

UNITED STATES TO PROVE SHE KNOWS HOW TO MAKE WAR

Secretary Lane Tells Business Men Uncle Sam is Under Full Steam

FIVE MONTHS OF INTENSE PREPARATION IS RECORD

We Fight in France That We May Not Have to Fight Here

(ASSOCIATED PRESS TELEGRAM)
Atlantic City, N. J., Sept. 18.—Businessmen asking their duty to the nation in war were told by Secretary Lane, addressing the war convention of the Chamber of Commerce of the United States here today, to change the word from "duty" to "opportunity," and seek the answer from the khaki-clad American boys who are crossing the ocean. "We have come upon a new day and a new philosophy," he said. "We are to judge men hence forward not by what they have, but by what they give."

The secretary declared that the United States having determined to fight Germany's efforts to master the world "with high explosives and low intrigue" was making full steam ahead.

"If any one doubts that," he said, "let him look at the record of Congress, which has come in for so much derision and reproach. I presume to say that no other parliamentary body in so short a time ever passed so great a volume of well considered and prophetic legislation as our present Congress in the past five months. "We have supplied money for our friends, raised an army of a million and a quarter, inaugurated a new industry—that of making airplanes, revived a dead industry—that of building ships, placed powers over exports and prices, over industries and resources, in the hands of the President that will give him the weapons he needs, made laws to punish domestic enemies, and courageously placed the burden of taxation upon those who can best bear it under it—this is a record that no nation has ever made." It is a record that (Continued on Page 2, Col. 5.)

FURLOUGH AND CASH REWARD IS OFFERED FOR U. S. PRISONERS

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 18.—The American headquarters staff in France, has just been informed by the French authorities that Emperor William has promised a prize of 500 marks and three weeks' leave to the first German who captures an American soldier.

This information came from a German prisoner recently taken, who declared that the offer was contained in an order issued throughout the army.

A dispatch telegraphed from the British headquarters in France and Belgium on September 15, said that the German general commanding the "eleventh reserve division," had promised to three weeks' leave to the first American, dead or alive, to headquarters, the Iron Cross of the First Class, 400 marks, and two weeks' leave. That this offer had been made was disclosed by a diary of a captured Prussian sergeant of Twenty-third Reserve Infantry regiment.

MAY PASS LARGEST APPROPRIATION BILL BEFORE DAY ENDS

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 18.—The \$7,000,000,000 deficiency appropriation bill was again before the house today with the expectation of passing it before the session ends tonight. As the measure now stands it carries many new proposals providing for increases in funds for the war department.

It is planned to take up the alien alien bill already passed by the senate as soon as the deficiency bill is disposed of.

ENTENTE AVIATOR'S BOMB CAUSES 900 CASUALTIES

(ASSOCIATED PRESS TELEGRAM)
Amsterdam, Sept. 18.—In the recent raid by entente allied airmen on the Belgian town of Roulers, says the Courrier de La Meuse, a newspaper of Maasticht, Holland, a bomb fell on a building near the market and killed or wounded 900 Germans.

DRAFTED MEN IN CAMP

New York, Sept. 18.—This city's second contingent of selective draft men, a force of 761 men, representing 20 per cent of the complete quota, will go into training at Camp Upton, Yaphank, Long Island, this week. The first section will leave on Wednesday, and other groups will leave daily until Sunday when the last of the allotment will reach camp.

BRITAIN'S LORD CHIEF JUSTICE HERE ONCE MORE

Lord Chief Justice Reading.

Lord Chief Justice Reading of England has recently arrived in this country on a mission in behalf of the British war cabinet having to do with finances. "Encouraged by your unconquerable spirit," he said, "the allies are sure to win." Lord Reading was here two years ago when he came as head of the British financial commission to arrange the war loan from American bankers.

GERMANY READY TO RELINQUISH BELGIAN CLAIM

Amsterdam, Sept. 18.—In connection with the report published in the Tages Zeitung that Germany had decided to abandon all claims to Belgium, the Koelnische Volks Zeitung, says:

"We, too, have received similar information from which it may be concluded that last week a decision about Belgium was reached in conformity with the English views."

Matthias Erzberger, a clerical center member of the reichstag, speaking at Biberach on Sunday, said:

"The foundation of peace must be no conquests of any kind. We are advancing with long strides toward such a peace—peace built upon the basis of the reichstag peace resolution."

CONFORMS TO PLANS

London, Sept. 18.—German newspapers point out, says the correspondent at Amsterdam of the Exchange Telegraph company, that after the resignation of Dr. von Sandt, the civil governor of Belgium, his assistant, Herr von Lutz, also resigned. No successor has been appointed. The resignations are said by the German newspapers to be in conjunction with Germany's plans regarding the future of Belgium.

The correspondent at Amsterdam of the Exchange Telegraph company, announced on September 11, that Dr. van Sandt had been dismissed, and added:

"His dismissal is incomprehensible as the German government had trusted him to write the history of the occupation of Belgium. He was the only German official in Belgium who ever gave any evidence of humanity in the treatment of the people."

GERMANY MAKES NO PEACE OFFER TO U. S. BERLIN DECLARES

(ASSOCIATED PRESS TELEGRAM)
Berlin, Monday, Sept. 17, via London.—The German foreign office in a statement given to the Associated Press today denies stories appearing in Danish and other foreign newspapers to the effect that the German government has indirectly communicated its peace terms to Washington, or that Wilhelmstrasse even had sent out trial balloons for the purpose of sounding sentiment in the United States.

The German foreign office further informed the Associated Press that the rumors were promptly discredited on the strength of the peace terms ascribed to Germany and further by the fact that there was no occasion for Germany to address the Washington government in this respect. The assertion made by Matthias Erzberger, the clerical leader in the reichstag that Germany's note in reply to Pope Benedict's peace proposal already was a mita wa to Rome also was denied in official quarters. The center leader informed his electors to this effect in the course of two meetings which he addressed in Wuertemberg on Sunday.

KING GEORGE ON VISIT TO DESTROYER FLEET

(ASSOCIATED PRESS TELEGRAM)
London, Monday, Sept. 17.—King George in the course of a visit today to the River Clyde in Scotland on board an American patrol ship. The crew lined the decks and cheered his majesty. The king inspected the quarters of the crew and congratulated the officers on having such fine ships.

GENERAL TREAT IS SENT EAST, FIELD SERVICE ABROAD?

Commander of Ohio Troops at Camp Sheridan Ordered to Capital

ORDER CAUSES SURPRISE; MEANING NOT KNOWN

More Ohio Troops Reach Camp and Others Are Now Enroute

(ASSOCIATED PRESS TELEGRAM)
Montgomery, Ala., Sept. 18.—Major General Charles G. Treat, commanding general of the 37th division, accompanied by his chief of staff, Lieutenant Colonel Dana T. Merrill, an aide de camp and two enlisted men will leave for Washington today on orders to report in Washington immediately, prepared "for extended field service."

General Treat's family leave at the same time but will go to New York. "I have no idea what the order means," said General Treat today.

Among military men the belief is general that General Treat is needed to lead troops in the field and that today's order takes from the 37th division its present commanding officer.

During General Treat's absence Brigadier General W. R. Smith, commander of the artillery brigade, will be in command of the Ohio troops with Major Fuqua as chief of staff.

Information received at Camp Sheridan today is to the effect that the second and fifth Ohio Infantry regiments have been ordered to move southward Sept. 25.

The Tenth Infantry is expected to reach camp here some time today.

The Third Ohio Infantry with headquarters at Dayton has been ordered to entrain for Camp Sheridan, Sept. 25, making three units scheduled to leave on that day.

The division ammunition train, 684 men, in command of Lieutenant Colonel Monypeny of Columbus, is en route and should arrive here tonight.

The welcome notes of "pay call" (Continued on Page 2, Col. 6.)

JAP MISSION IN BOSTON; VISCOUNT ISHII WILL SPEAK

(ASSOCIATED PRESS TELEGRAM)
Boston, Sept. 18.—American and Japanese flags flapped bravely in the rain and wind of a typical Boston "nor'easter" today by way of greeting to the Japanese mission coming to this city after a two-day visit to Newport.

The reception program includes an address by Viscount Ishii, head of the mission, before the constitutional convention, a reception in the hall of flags at the statehouse, visits to the public library, the museum of fine arts, and the Massachusetts Institute of Technology, and a reception by Japanese residents. Luncheon for the mission was arranged at the Brookline residence of Larz Anderson, former ambassador to Japan.

Tonight the mission will attend a dinner at the Copley Plaza Hotel, and tomorrow a visit will be made to the national army cantonment at Ayer.

DEFECT IN PRIMERS CAUSES TROUBLE WITH CARTRIDGES

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 18.—Inquiry into the manufacture of defective cartridges at the Frankford arsenal continued before the house military sub-committee today in which several officials of the plant were witnesses. Colonel George Montgomery, commanding officer at the plant, who was chief witness at yesterday's hearing, testified that millions of primers had to be condemned and that it was found necessary in June to substitute a privately-owned primer.

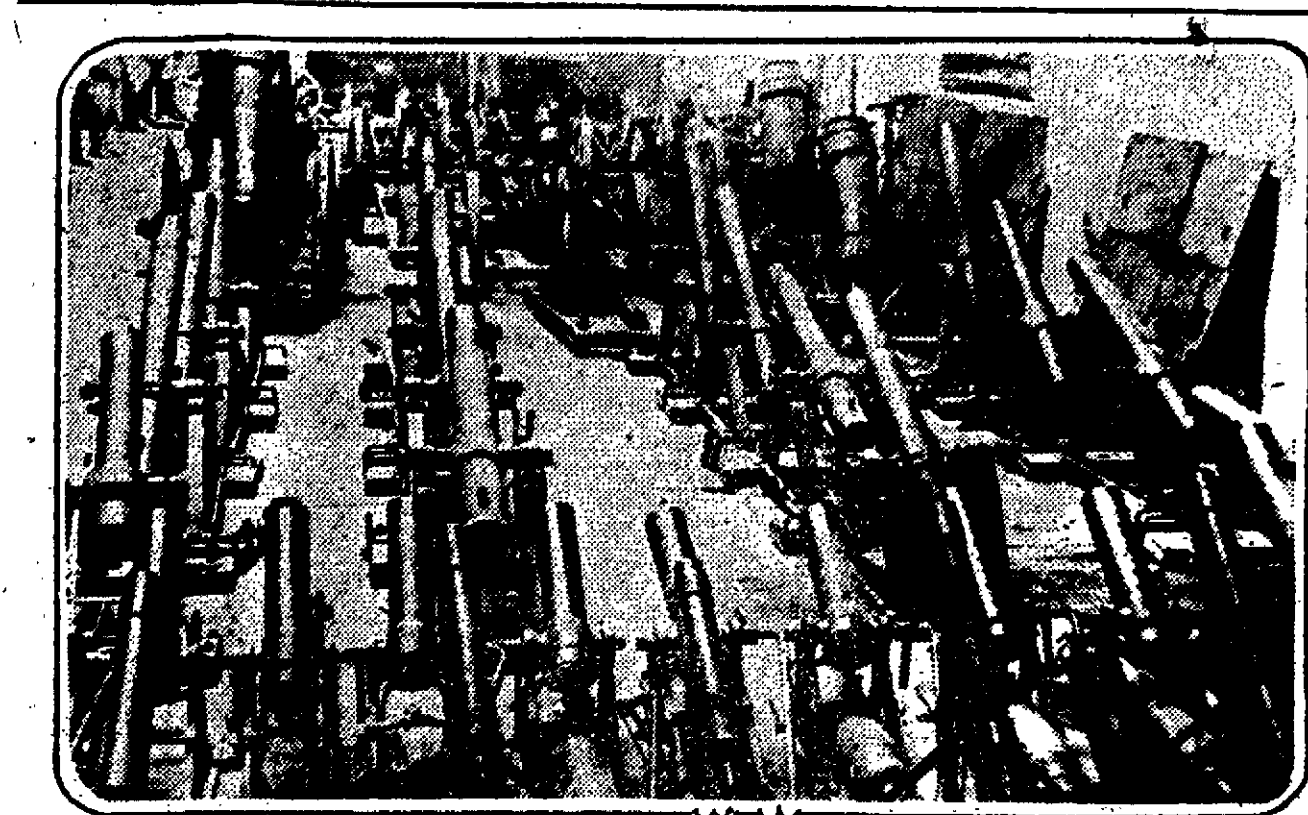

KERENSKY ON TRIP TO HEADQUARTERS OF ARMY

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Sept. 18.—Premier Kerensky, accompanied by General Verkhovsky, minister of war, and Admiral Verdevski, minister of marine left Petrograd last night for the Russian general army headquarters in the field.

PRISONERS DIE OF TYPHUS

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 18.—Albert Champion, a French soldier, who on his third attempt has just escaped from Germany, brings the information, according to the Paris edition of the New York Herald, that 3700 French and British soldiers, and 1500 Russians, have died of typhus at the German concentration camp at Cassel, 30 miles northeast of Frankfurt-on-the-Main.

ITALIANS BAG MANY BIG GUNS AS AUSTRIANS FLEE

Guns captured by Italians when Gorizia fell.

This collection of miscellaneous pieces of artillery is just a small portion of the guns captured by the Italians in their recent victorious drives against the Austrians in the Alps. They have been steadily driving the Teutons out of their mountain fastnesses until now they are within striking distance of Trieste.

CLEAR STREETS OF TRAFFIC FOR PARADE THURSDAY HONORING DRAFT SOLDIERS

All arrangements have been completed for the big demonstration for the soldier boys Thursday. It will be a gala day and fitting tribute to the 136 men who will represent this city and county as a part of the selective army stationed at the Chillicothe cantonment. Seventy-two of the men will be from Newark and 64 from the county. They comprise 40 per cent of the drafted men who have been accepted for service.

Chairman A. S. Mitchell has announced the following program and requests that it be observed by all taking part in the demonstration:

Assembly at Auditorium at 12 m. 76th Regiment, Old Guard, other patriotic organizations, fraternal societies, bands, etc. under command of Captain W. C. Miller and staff will march to south side of court house.

Invocation, Calvin Hazlett, D. D.

Address—Rev. E. K. Morrow of Utica.

Song—Battle Hymn of the Republic.

Address—Hon. B. F. McDonald of Newark.

Presentation of Medals by C. H. Spencer.

Response by Troop Leader.

Verse of America.

Take up line of march to B. & O. station.

Grand Marshal to distribute marching bodies and crowd along north side of railroad tracks from B. & O. to Pennsylvania stations.

The committee recommends that Hon. R. C. Bigbee, mayor, be present in a place of honor; that the police force march as a body; that all places of business close from 12 to 2 o'clock; that all business houses around the square decorate; that everyone carry a flag in the parade and that the south side of the square and the east side as far north as

the square be cleared of all vehicles.

The Buckeye Band, with Harry Rosebraugh leader, will do its "bit" towards honoring the Licking county recruits to the new national army by giving a concert Wednesday night at 8 o'clock from the Warden Hotel balcony. A splendid program of popular music has been arranged and the concert will last until 9:30. By this method the band will show its appreciation of the service the soldier boys are performing for their country. A number of recruits to the army are members of the band.

The other committees are hard at work to make the demonstration worthy of the event. The country people are invited in early and Chairman Mitchell predicts that thousands of our citizens will be on hand to bid the boys goodbye and Godspeed.

Mayor Bigbee this afternoon issued a request to business houses to close Thursday between the hours of 12 and 2 o'clock to give the employees an opportunity to take part in the demonstration in honor of the departing soldiers.

CLASSIFY DRAFTED MEN AS TO TRADE; READY FOR NEW MEN

(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, Chillicothe, O., Sept. 18.—Civilian system experts have started a check of the Ohio men in Camp Sherman to find out what sort of work they have been doing and what they can do if necessity demands, as members of the national army. A card index system showing the names of each selective draft soldier, his education, former occupation, profession or calling and some other details will be available soon after all men are in quarters. The work is being done under a special department of the government with an expert, J. C. Dooley, in charge.

There are men of all callings in the selective draft army coming to Camp Sherman and the card index system will make it possible to get either an individual artisan or a number of them on very short notice in event some carpenter work, plumbing mechanical or other task must be done. The system will be maintained for the period of the war, so officers can resort to it in emergency.

Edward Bath of Wilmington, Ohio, was at Camp Sherman offering his services as director on hands of the division. He was accompanied by Charles Q. Hildbrandt, former congressman and Ohio secretary of state. He has had seven years similar work with Canadian troops. Each regiment will have a band composed of musicians who have been drafted for service.

Receiving officers were marking time today preparatory to getting out at daybreak tomorrow to take charge of the hundreds of citizen soldiers who will start coming in as the second contingent of 40 per cent of C. O.'s national army. Some 16,000 men will be given new homes by Sunday night. By the schedule for transporting them here all will arrive in daylight hours.

WILHELMINA ASKS THE CO-OPERATION OF DUTCH PEOPLE

(ASSOCIATED PRESS TELEGRAM)
The Hague, Sept. 18.—In the speech from the throne read by the premier at the opening of the states general this afternoon, Queen Wilhelmina made an appeal for the co-operation of the people without distinction of class. "In order to maintain ourselves amidst the growing distress of the nations," she said, "the prospects for the winter, said the speech, were not very satisfactory. "We continue to be obliged, amid fiercely contending enemies, to hold ourselves ready to ward off possible transgressions," it continued. "It becomes continually more difficult to supply our people with the necessities of life and the raw material for our industries. Measures will shortly be placed before you for the purpose of providing for the most urgent needs."

The speech points out that traffic between Holland and her colonies is being hampered in increasing measure, while the lack of tonnage prevents importations in adequate degree.

HOUSE PASSES BIG WAR CREDIT BILL

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 18.—The \$7,000,000,000 war deficiency bill, carrying huge appropriations for the army, fortifications and shipping board, passed the house today by a unanimous vote.

DAYTON BUSINESS MAN DEAD

(ASSOCIATED PRESS TELEGRAM)
Dayton, Sept. 18.—John W. Stoddard, 86 years old, well known business man of this city, is dead at his home here of infirmities incident to old age. He was engaged in several industrial enterprises in years gone by, notably the automobile business.

ST. PAUL MEETING HOPES TO LOWER LIVING COSTS

(ASSOCIATED PRESS TELEGRAM)
St. Paul, Minn., Sept. 18.—A movement to combat the high cost of living was inaugurated here today when several thousand delegates representing, it is said, approximately 3,000,000 members of the industrial and agricultural organizations, met in the St. Paul Auditorium for the first session of the Producers and Consumers conference.

The conference, which will cover a period of three days, was called by the national non-partisan league.

ELEVEN NORWEGIANS LOST WHEN STEAMER IS SUNK

(ASSOCIATED PRESS TELEGRAM)
Christiania, Norway, Sept. 18.—The Norwegian foreign office announced today that the Norwegian steamship Askeld of 2322 tons gross, had been sunk by a German submarine. One boat with 11 men was lost and the captain and 10 men were saved.

It was also announced that the Norwegian steamship Rein of 175 tons gross, had been sunk by a German submarine off Cape St. Vincent. Ten men lost their lives and the captain and nine others of the crew were saved.

JUDGE SHIELDS IS CHIEF JUSTICE OF APPELLATE JUDGES

(ASSOCIATED PRESS TELEGRAM)
Columbus, Sept. 18.—Judge Robert S. Shields, of Canton, of the fifth district, was elected chief justice of the judges of the court of appeals of Ohio for 1918 at the annual meeting of those judges held at the state house today.

Judge Louis B. Houck, of Mt. Vernon, was re-elected secretary. Judge Shields succeeds Judge James I. Allread, of Greenville, who will retire December 31. The judges referred to a committee, a proposal limiting the supreme court reporter the giving out for publication of opinions of the court. The proposal would make it contempt of court for any attorney, or court attaché to give out any opinion.

YARN PRICES SOAR AS WOOL DEMAND FOR ARMY GROWS

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 18.—Feminine knitters of articles of wearing apparel for soldiers and sailors are beginning to worry about the high cost of being patriotic. An increase of 20 cents a hank in the price of wool today put it at the dollar-mark. Since April the price per pound has risen from \$1.50 to \$2.40 to the Red Cross and other relief organizations that are supplied by the manufacturers and wholesalers at the lowest figures.

In all the relief societies the policy prevails of asking the knitter of wool to return her finished garment to the society. Consequently if the knitter wishes to present her own particular hero with something of her own making she cannot set wool at the reduced prices offered by the relief societies.

Manufacturers attribute the rise partly to the fact that the government now is using much raw wool for uniforms, and to the higher wages paid mill labor.

DISCUSS HIGHER POSTAGE

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 18.—The much-disputed postage section of the war tax bill was again the subject of discussion in senate and house today. The measure resumed work today. House conferees are standing out for the retention of their increased rates on second-class mail rates. Efforts are being made to effect a compromise.

COMPERS ASKED TO STOP STRIKE SHIP WORKERS

Labor Leader Will Confer With Head of Shipping Board

BOARD FAVORS INCREASE IN WAGES FOR WORKERS

Government May Pay Half of Increase if It is Granted

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 18.—Chairman Hurley, of the shipping board, today appealed to President Compers of the American Federation of Labor, to stop the strikers which are holding up government ship-building on the Pacific coast. A conference will be held today between Mr. Hurley and Mr. Compers. Chairman Hurley also conferred today with Secretary Daniels on the navy's settlement of wage demands in government shipyards.

Extension of the strike to mills producing lumber for government ships is feared by shipping board officials. From Portland and Astoria, Ore., came reports that striking carpenters were trying to persuade other workmen to walkout and that lumber mills might be affected.

The government marked time today in efforts to settle the strikes at San Francisco and other coast cities pending arrival, Wednesday or Thursday, officials of a Seattle company which has granted a high wage scale. Conciliator William B. Blackmon, of the department of labor, has studied the demands of the men, but will take no other action for several days. The shipping board is awaiting complete reports of the San Francisco situation from Captain A. F. Pillsbury, district officer of the board for the Pacific coast.

Shipping board officials favor a substantial wage-increase with a sliding scale for government participation. The proportion of wage raises to be paid by the government should depend, Chairman Hurley of (Continued on Page 2, Col. 3.)

DOUBTS WISDOM OF \$2 WHEAT; MAY KEEP CROPS DOWN

(ASSOCIATED PRESS TELEGRAM)
Chicago, Sept. 18.—S. F. McDonald of Memphis, Tenn., president of the National Association of Master Bakers, in addressing the 20th annual convention of the organization here today did not view with unaltered optimism the government minimum of \$2.00 for the 1918 wheat crop. On this point he said:

"As an artificial stimulant to wheat production congress proposes to guarantee a minimum price of \$2.00 for the 1918 wheat crop. At the same time congress delegates to the farmer the right to hoard farm products. These are conditions tending to build up excessive bread costs. The farmer, guaranteed a \$2.00 minimum, may quickly realize that a small crop is sure to realize more than a large one. A high minimum without a maximum price tends to defeat the thing which the majority of the people are anxious to see, namely, a reduction in the high price of wheat. With a reasonable maximum price the farmer would know that he could not raise a short crop and hoard for an abnormal price, but would know that if he wanted a lot of money he would have to raise a lot of wheat to get it."

An investigation of bakeries large and small is declared to be in progress now with the idea of obtaining exact information regarding costs of manufacture and of handling bread. Bakers, it is expected, will be licensed and those who refuse to comply with government regulations will be denied a permit to do business.

Business sessions of the association began today with war problems as they affect the bakers, the principal subjects under discussion. It is believed more than 2,000 delegates will be here before the meetings conclude next Friday.

INTERRED GERMAN HANGS SELF IN JAIL

(ASSOCIATED PRESS TELEGRAM)
Baltimore, Md., Sept. 18.—Gott-hold Prusse, one of the designers of the German merchant submarine Deutschland, who came to Baltimore on the first voyage of that craft, committed suicide in the city jail today by hanging. Prusse had been imprisoned as an alien enemy. He was arrested by the U. S. authorities on August 20, for leaving the restricted zone without permission. He was 41 years old and born in Germany.

DISORDERS RESULT FATALITY

(ASSOCIATED PRESS TELEGRAM)
Helsingfors, Finland, Sept. 18.—In the course of disorders at the Finnish fortified seaport of Viborg, 74 miles northwest of Petrograd, in which soldiers were involved, 20 officers were killed and 60 others are missing.

Victrola

Play Victor Records with Victor Tungs-tone Stylus

Will play 100 to 300 records without changing

Packages of four, 10c

If used with proper care, four Tungs-tone Styli (one 10c package) should play 1,000 records.

When playing Victor Records, carefully lower the sound box and place the stylus or needle upon the smooth outside rim of the record and gently push into the record groove.

Manufactured exclusively by the
Victor Talking Machine Company, Camden, N. J.

Victrola

"Victrola" is the Registered Trade-mark of the Victor Talking Machine Company designating the products of this Company only.
Warning: The use of the word Victrola upon or in the promotion or sale of any other Talking Machine or Phonograph products is misleading and illegal.

NEWS IN THE WANT COLUMNS FOR YOU TONIGHT

A New Start In Life

is needed by some Newark families who have had mortgages on their homes for years.

What they need is to begin paying off their loans the "OLD HOME" way, by making monthly payments, covering interest and a portion of the principal. Many Newark homes were paid for in this manner. If we can aid YOU in paying off your mortgage, call and see us.

The HOME Building Association Co.
NEWARK, OHIO.

GOMPERS ASKED TO STOP STRIKE OF SHIP WORKERS

(Continued From Page 1)

the board believes, on the profits of ship-builders. Some officials have urged that the government pay 50 per cent of the increases for companies making 10 per cent profit or less and require profits of more than that amount to go into the wage-grants.

MARINES ON GUARD.
San Francisco, Sept. 18.—Two companies of U. S. marines were on guard duty here today at the plant of the Union Iron Works, the largest of the concerns involved in the strike of approximately 25,000 mechanics affiliated with the San Francisco Iron Trades Council. The walk-out of the workmen followed failure of the employers to reach a settlement of the differences growing out of the demands of the men for an increase of 50 per cent in wages.

As an added precaution against possible disorders the federal authorities also issued orders that all saloons within a half mile of the plant be closed.

The strike which has tied up government ship building contracts amounting to \$150,000,000, also has affected the can manufacturers, whose output is vital to the government's food consumption program.

In an effort to prevent a possible recurrence of minor rioting, which marked the first day of the strike,

Chief of Police D. A. White announced that ninety automobiles, each carrying two policemen would be used today to patrol the lines of the United Railroads. It was along the lines of this company, approximately 1,750 of whose conductors and motormen are on strike to enforce demands for recognition of their union, increased wages and shorter hours, that most of the violence occurred yesterday.

A strike of all union freight handlers employed in the coast division of the southern Pacific railroad will be called at noon today unless company officials here grant a nundance to representatives of the recently formed union according to a statement by Gordon A. Page, an organizer. The workers demand a fifteen per cent increase in wages and the reinstatement of seven men alleged to have been discharged for their efforts in forming the union.

ORDERS FROM JAPAN

Are to sell the most remarkable collection of Japanese and Chinese high art ever brought to this city. Sale begins Wednesday, Sept. 19th at 10:30 a. m., 3:30 and 8 p. m. Tokyo Art Association, 8 North Park Place.

DISCUSS CLOSER BLOCKADE.
London, Sept. 18.—Albert Mein, under secretary of state in charge of the blockade, has arrived here from Paris with a number of expert advisers to consult with the British on closer co-ordination in the blockade.

ANSWER EUROPE'S CRY WITH MILLIONS OF MARCHING MEN

(ASSOCIATED PRESS TELEGRAM)
Atlantic City, Sept. 19.—The attitude of business towards the government today was praised by Secretary of War Baker at the meeting of the Chambers of Commerce of the United States, who declared that no great military effort would be possible without the full support of industry.

Mr. Baker emphasized the need of maintaining proper labor standards during the war. The nation, he said, must emerge from the war with its vitality unimpaired that it may engage in the world commercial struggle to come afterward with its full strength.

In warning on Germany, Secretary Baker said, the United States is fighting a nation that has forsaken mercy, lost all sense of compassion and attempted to set a mission higher than that of the gods.

"But the ruler of the Universe," said Mr. Baker, "does not dwell in Berlin, in the capital of a nation that drops bombs on cities, violates neutral rights and dreams mad dreams, of conquering the world. The free people of Europe now hear our answer to their cry and that is 'We are sending to you aid, marching millions strong.'"

History, Mr. Baker declared, will mark the year 1776 as the year in which the principle of human liberty was declared and the year 1917 as the year in which it was vindicated.

UNITED STATES TO PROVE SHE KNOWS HOW TO MAKE WAR

(Continued From Page 1)

shows purpose, an unflinching purpose.

"We of America, it is conceded, know how to make money, and we will prove that we know how to make war, whole-hearted, resolute war. War that means organization, machinery, science; war that means men by the millions and money by the billions; war that means heart-breaking, ruined hopes, a little glory perhaps, a certain self-respect, a world that men can grow in."

"We shall make war in earnest for we know that if Germany wins the world will turn aside from the system of law and liberty which we know, and exalt that military caste and system which is the historic enemy of personal liberty. We make war in France that we may not be compelled to do battle here. Let Germany have Canada or Mexico, or Cuba, and we would go to our daily work like the Pilgrim fathers with our guns in our hands."

"This is in truth most distinctively our war, for we claim proudly that we gave the impulse to Europe which turned its face toward democracy, and for that reason, is fighting with France, England, Italy and Russia, we fight for those who follow in the way we led, true children of the American conception of government as a government, not a master."

"It is now 1900 years since Caesar defeated the Germans in France. When they came asking terms he said to them: 'Go back whence you came, repair the damage you have done, and give hostages to keep peace for the future.' It was the ancient and barbaric custom to take princes and high men as hostages and this custom Germany followed when she entered Belgium. But the world does not ask such hostages today. It is the problem of world statesmanship to discover what kind of hostage Germany can give when she has been convinced that her dream of world over mastery cannot come true."

NOW IN THE NAVY

MERLE E. MARTIN

Merle E. Martin, son of Mr. and Mrs. George Martin, 152 Columbia street, left yesterday for Norfolk, Va., having enlisted in the United States navy. The young man, who is well known to patrons of the Arcade hotel, where he was employed after school hours for some time, was graduated from the Newark high school last June.

ELKS' REUNION OPENS; FIVE THOUSAND EXPECTED

(Special to Advocate.)
Columbus, Sept. 18.—The nineteenth annual reunion of Ohio Elks opened here today and will continue through Thursday. Approximately 5,000 Elks are expected to attend.

A patriotic demonstration will replace the usual parade. Senator John Sharp Williams will be the principal speaker. Twenty-five new candidates will be initiated.

ADVOCATE BY MAIL

\$3 YEAR OCT. 1ST

Beginning October 1st, 1917, the mail subscription rate for The Advocate will be as follows:

One month	35
Three months	\$1.00
Six months	\$1.75
One year	\$3.00

All mail subscriptions are payable strictly in advance and names are taken from the mailing list at the expiration of subscription. Up to October 1st The Advocate will accept mail subscriptions at the rate of 25 cents a month or \$2.50 a year, but beginning October 1st the new schedule will be in effect.

JAPANESE ART ON DISPLAY; AUCTION OPENS WEDNESDAY

Exquisite china, massive hand carved furniture and gorgeous wall hangings of hand embroidery make beautiful the Japanese shop which will hold its formal opening Wednesday morning in North Park place.

The inborn artistry of the native Japanese lends an oriental lure to the store and the beauty of the merchandise adds to this.

War conditions have made it necessary for the company to dispose of its holdings, and every article in the shop will be sold at auction at practically the bidders' own price. In the window is a tea set which is valued at \$800. It will probably be sold at a great sacrifice, but the work is wonderful being a genuine old Suisun.

Great wall hangings of hand embroidery with whole scenes worked out, the work of six months are seen to advantage. One is a reproduction of the Nikko temple.

Great vases of Sentsoku bronze with the cloisonne are attractive and one piece of the Sumida ware has three great panels. Each design different, one being of over 25 monkeys hand-carved, fusing for a peach seed. The expression on each animal's face is a different study.

The furniture, consisting of curio cabinets, settees, chairs of all kinds, is massive, and hand-carved out of Hinoki wood. The finish is perfectly matched.

The display is in charge of Theo. Stanton and George M. Sekinya of San Francisco. The auction hours are at 3 and 8 p. m.

GENERAL TREAT IS SENT EAST, FIELD SERVICE ABROAD?

(Continued from Page 1.)
rang through Camp Sheridan yesterday and before night Captain William A. Carlton, disbursing officer, had paid out something over \$37,000 to the men of the Ohio outfits. The entire third field artillery, headquarters of the First and Third Infantry brigades, Company C of the Tenth Infantry, Company C of the Second Infantry, Company B of the Ninth separate battalion were the organizations who received their pay for the last month.

GIVE CAMP NEW NAME.
San Antonio, Tex., Sept. 18.—"Camp Stanley" will be recommended by the southern department as the new name for Camp Funston, Texas. The request for the recommendation for a new name was received here last week from the war department and is sought for the purpose of avoiding confusion with Camp Funston, Kansas.

Official Statements of War Department

ENGLISH.
(ASSOCIATED PRESS TELEGRAM)
London, Sept. 18.—Field Marshal Haig today, reporting military operations last night on the battlefield in France, and Belgium says:

"Beyond patrol encounters in the Ypres sector, in which we secured a few prisoners, there was nothing of special interest to report."

RUSSIA.
(ASSOCIATED PRESS TELEGRAM)
Petrograd, Sept. 18.—Rumanian forces yesterday occupied a section of the Austro-German fortified positions in the region of Varnitza, says the official statement issue today by the Russian war office. In the area of Riga, the statement adds, there was no change in the situation.

FRENCH.
(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 18.—German troops, after a violent bombardment south of the Meuse river, last night, launched an attack and reached the French lines towards the Neufchateau road. The French official statement issued this afternoon says that after a sharp fight the Germans were ejected from the positions, losing heavily and leaving prisoners in the hands of the French. The artillery was active on both sides of the Meuse river and in the region of Fosse wood.

KORNILOFF PREPARES STATEMENT.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Sept. 18.—Twenty-three generals and other officers arrested on Friday with General Korniloff, leader of the revolution against the provisional government, are being closely guarded. General Korniloff is imprisoned in a hotel at Mohilev where he is writing a statement which is expected to be finished today.

Care should be taken to dry off the ewes properly after their lambs have been taken away; this is done by milking out the ewes at intervals of two or three days after the separation until the ewes are dry.

ROTARY CLUB HEARS A TALK ON THE SCHOOLS

At today's meeting of the Rotary club, Superintendent Wilson Hawkins gave a very interesting talk on the Newark public school system. Newark has 15 school buildings, 4400 pupils, a force of 130 teachers, and a total of 160 employees including teachers, janitors and clerks. Twenty-four teachers are employed in the high school and six are engaged in special work in music, manual training, cooking, etc. The teachers in the elementary grades receive \$480 to \$740 a year, principals \$720 to \$1020, high school teachers \$700 to \$1300, the superintendent \$3000. The cost of operating the public schools last year was \$164,000. The schools last year used \$1125 worth of water, \$3333 natural gas and \$1473 coal.

In the high school today 760 students are registered, a larger number than any other high school in a city of Newark's size in Ohio. Last year the sum of \$5111.52 was received from tuition paid by outside pupils attending the Newark schools.

The past season over 2000 Newark school children cultivated gardens under supervision that cost \$300. The superintendent estimates the value of the children's garden crops at \$5000 to \$6000, to say nothing of the educational value resulting from the work.

METHENY'S BODY GLAD IN UNIFORM REACHES NEWARK

The body of Enzley Metheny, private in Company B, Fourth Ohio Infantry, who died in the camp of the "rainbow division" of the 166th Infantry at Mineola, N. Y., arrived in Newark Tuesday morning.

The body is clad in the regulation military uniform, the deceased having enlisted with the Fourth Infantry when the recruiting booth was placed on the south side of the square. Death resulted from an operation for appendicitis. The only surviving relatives is a sister, Mrs. Jacob Moore, living at Hanover.

Funeral services will be held at the Criss Bros' chapel, Wednesday afternoon at 2 o'clock, and burial will be made in Cedar Hill cemetery. Whether an effort will be made to have a military funeral has not been decided.

PERSONAL.
Mrs. A. D. Darr and son Harry returned to their home in Cleveland, Sunday, after spending the past two weeks with the former's brother and wife, Mr. and Mrs. George Hughes, Franklin avenue.

EXPLOSION FOLLOWS COLLISION OF VESSELS

Paris, Monday, Sept. 17.—(Delayed.)—The tank steamship Bouvet was sunk in the Mediterranean on Sept. 12 after being in collision with a French passenger liner named Orenouque, of 3,833 tons gross. There were no victims.

After colliding with the Orenouque the ship broke out on the Bouvet and this was followed by an explosion, the ship sinking within a quarter of an hour. The Orenouque, notwithstanding that she was damaged, managed to reach the Algerian coast.

GERMANY MAY RELEASE BELGIAN BURGOMASTER

London, Sept. 18.—Germany, at the request of King Alfonso of Spain, is about to restore to liberty Adolph Max, burgomaster of Brussels, according to reports received by the Amsterdam correspondent of the Exchange Telegraph company from Berlin.

Recent dispatches from Germany have said that Burgomaster Max was seriously ill in prison at Cello, a Prussian town, 23 miles northeast of Hanover, and that King Alfonso of Spain was intervening in his behalf. The burgomaster was arrested at Brussels on Sept. 28, 1914.

BRIDGE WORK PROGRESSING.

Quebec, Sept. 18.—Lifting operations to put into place the 640-foot central span of the Quebec bridge were renewed here early today.

Yesterday the span was carried upward 23 feet from the pontoons, and the engineers in charge said this morning they expected to add 68 feet today, which would bring it within 54 feet of its final resting place.

PROPOSED CHANGE IN NAME OF STREET STIRS COUNCIL MEMBERS TO ORATORY

The changing of the name of German street, from Pataskala south to the corporation line, precipitated a discussion of some length last night in the council meeting when Councilman Knauber asked that the measure be amended to include the whole of Pataskala street because it was practically all one street, anyway. Residents want it named National Drive.

Councilman Shiller presented the ordinance which finally was passed. He said there was no connection between the request for the change and the fact that the country is at war with Germany. In fact, the movement had been started before the war broke out and was largely through the influence and support of German people. Councilman Knauber thought it would be more practical to have the whole of Pataskala street and that portion of German street, which really is a continuation of Pataskala south, changed to National Road. Dr. Shiller was of the opinion that if the Pataskala street residents wanted the name changed it could be done later, but that it was not wise to seemingly force the name on these residents who had not asked it.

A petition from residents in the vicinity of the Wyeth factory in Columbia street asked council to take action to abate the smoke nuisance from the factory stack.

The public service committee recommended that a tree in North Fourth street be trimmed to remove the danger to traffic and nearby property.

The public safety committee reported that it was conferring with railroad officials regarding lights at street crossings and asked for more time.

The law committee reported that sidewalks in front of the Franklin property in Hudson avenue was only in fair condition and should be repaired. The committee also recommended the payment of damages to D. F. McDonald for repairs on his automobile, made necessary by a collision with a fire hydrant left in the street.

The public service committee reported that it was entirely possible to install an ice manufactory at the water plant. The committee found that the greater demand for ice would come when the plant was being operated on a short time schedule, that is, in the summer time. On the contrary, when there was a

heavier demand for electrical current, the demand for ice would not be so great. Although prices of machines and materials are abnormal at this time, the committee estimated that the plant could be installed complete for \$148,600 for a 100-ton plant. The process investigated was the raw water system which produces perfectly clear ice. It was the opinion of the committee that a 50-ton plant probably would be more advisable as a starter.

M. O. Griffith and 18 others petitioned that the name of German street from Pataskala south, be changed to National Drive.

Sixty-nine names were added to the petition asking for motor driven fire apparatus in West Newark. The first petition was referred to the finance committee a year ago. A similar petition with new names asking for motor apparatus in North Newark.

Director Christian reported on the progress made on the municipal light plant. The report shows that there are now 24 600 candle power lamps, 12 400-cp lamps, 474 250-cp lamps, 75 100-cp lamps and 40 arc lamps now in service. Director Christian stated that lights now in service would cost the city \$22,392 per year if paid for under a contract like Zahner's has now. The cost last year was \$11,839.

An ordinance naming an alley from Church to Locust between First and Second street Sturgeon Court was given its first reading.

An ordinance changing the name of German street to National Drive was given its first reading. The rules were suspended and the ordinance passed.

A resolution granting the service director permission under the five-year clause, to excavate in Hudson avenue to remove a sewer obstruction, was adopted.

Councilman Knauber offered a resolution to prepare plans for a sewer from Fifth to the B. & O. railroad preparatory to resurfacing the street next year. It was adopted.

Two resolutions to resurface or replace Church street from the B. & O. railroad to Eleventh street. Both resolutions were adopted.

Councilman Seward complained of the method of "burying" garbage at the Madison township dumping ground. Mr. Seward says the garbage is dumped on the surface of the ground and a few Shovelfuls of earth thrown over the refuse. He declares the condition is worse than

before. He called attention of council to the fact that C. O. Harris was engaged at \$100 per year. He predicted that the health department would be after council again soon to abate the nuisance.

The special committee appointed to investigate the cinder and soot nuisance reported that it had visited the Ohio Light and Power Company's plant. The committee believed that conditions would be improved when new machinery is installed. A device to control soot and cinders is being experimented with at a Pennsylvania plant and if it proves successful it will be installed here. The committee recommended that the complaining residents bear with the conditions awhile until the company had a chance to better conditions.

The committee ascertained that it is the intention of the company to make its plant in Newark the largest central power station in this section of the state and to distribute from it to a large number of the surrounding cities and towns. At present the company is furnishing electric power to a number of towns and cities adjacent to Newark and with their added equipment expect to greatly increase the number of towns and cities served.

The committee also ascertained that the company is obliged, because of the coal shortage, to use almost any kind of coal that is offered from the mines much of which is of very inferior quality, but it is the case of getting what you can.

No doubt much of the trouble now complained of is caused by inferior coal, which it is hoped the government regulations will soon remedy.

Service Director Christian told council that the coal contractor had notified him that no more coal could be delivered to the water and light plant owing to the war board order sending nearly all Ohio coal to lake points for shipment to the northward. Mr. Christian made a copy of the letter and sent it to Attorney General McGhee asking him to use his offices to save the city a supply of coal for the utilities.

FUNERAL OF DRAFT SOLDIER ATTENDED BY MANY FRIENDS

The funeral of Verne Hartsock, son of Mr. and Mrs. Lyman Hartsock of Johnstown, killed in an auto accident Saturday night, took place from the family home this afternoon and was largely attended. Inmates were made in the Johnstown cemetery.

Mr. Hartsock, who was aged 25 years, had been to Alexandria with a companion named Fred Wickhiser and on the return between the two villages something went wrong with the steering wheel and the machine plunged down an embankment landing in the river. Verne was thrown from the car and his head struck a stone, killing him almost instantly. Wickhiser also was thrown from the car but only sustained injuries of a minor nature. Young Hartsock was to have been a member of the selective army which will leave this city Thursday afternoon at 1:45 o'clock.

WAR HITS O. S. U. ENROLLMENT; MANY HAVE NOT RETURNED

Columbus, Sept. 18.—Effects of the war were felt at Ohio State University today when the fall term opened. Although there are as many or more freshmen registered than last year, many of the upper class men did not return.

None of the students will be able to take physical instruction this year as the university gymnasium is being used as headquarters for the 250 army aviation students stationed on the campus. This study of military science, compulsory at the university, will be intensified this year.

Athletic teams will be enabled to continue their work despite the loss of their gymnasium. They will use temporary quarters in the athletic house.

FRIENDS ENTERED ARMY; AGE BARRED MAN; TAKES POISON

Martinsburg, Sept. 18.—Charles Ashburn, aged 41 years, despondent over family affairs and the fact that his age prevented him from entering the serviceable army, drank the contents of two small bottles of carbolic acid about 8 o'clock last night and died at 1 o'clock this morning. The suicide was a farm laborer and several weeks ago his wife left him and had applied for a divorce in the Knox county courts. He is survived by a father and mother and two sisters residing at Akron, O. He also leaves two young sons, aged 10 and 12 years by a former wife. No arrangements have been made for the funeral.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used to have to wear glasses says she can now see clearly. "I can even read fine print without glasses." It is believed that thousands who wear glasses can now dispense with them in a reasonable time and multitude more will be able to strengthen their eyes so as to be spared the trouble

and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eye two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind eyes have been saved if they had cared for their eyes in time.

Note: Another prominent physician, to whom the above article was submitted, said: "Bon-Opto is a very reasonable remedy. Its constituent elements are well known to oculists and oculists and widely prescribed by them. The manufacturer guarantees it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good drug store and is one of the very few preparations I feel should be kept on hand for ready use in almost every family." It is sold in this city by T. J. Evans and other druggists.

SPAIN REORGANIZES HER ARTILLERY UNITS

(Associated Press Telegram) Madrid, Sept. 18.—At a cabinet meeting held last night it was decided to create two new regiments of field artillery, seven battalions of garrison artillery and seven battalions of heavy artillery. It was decided also to appoint a special committee to draft a plan of industrial mobilization from a military point of view.

Eduardo Dato, the premier, explained that these reforms were not undertaken in any militaristic spirit. They were, he said, only a part of the army reorganization scheme which was one of the principal features in the government's policy of reforms.

New Facts About Teeth

Which Supplant All Former Theories

By Wm. M. Ruthsuff, A. B., A. M.

All Statements Approved By High Dental Authorities

The Source of All Tooth Troubles

Is a Slimy, Albuminous Film

Now it is known that a film on the teeth is the basic cause of all tooth troubles.

That discovery has upset many former theories. Now it is known that tooth preservation demands that film's removal.

You can feel the film with your tongue—a slimy film—even after brushing. But you cannot see it, for the film, unless stained, is transparent. That is why teeth look clean.

It absorbs stains—nicotine stains in particular.

That is why teeth discolor.

That film is albuminous. Therefore it forms a perfect breeding place for germs. And germs are a cause of pyorrhea.

It clings to the teeth, grows thicker and firmer, and finally hardens into tartar. And tartar is another cause of pyorrhea.

It holds food particles which shortly ferment, forming lactic acid. And that's the cause of tooth decay.

So that film causes all tooth troubles.

The most common is tooth decay. That is caused by an acid which that film holds in contact with the tooth. The film protects it where it can't be reached by neutralizing alkalies.

The most dreaded is pyorrhea. That is a disease caused by tartar and germs. Both are the result of that film.

Tartar is hardened film. Stains and discolorments are in the film.

Thus clean teeth mean filmless teeth.

Brush them as often as you will. Use any dentifrice you choose. While that film exists your teeth remain unclean. They remain unsafe. Germs are bound to breed around them. Decay cannot be avoided. Teeth will not long stay white. New-day dentistry is founded on this fact.

Feel your teeth now. That film is there, no matter when you cleaned them. Your dentist will assure you that it must be kept away.

Brushing Does Not Remove It

Soapy Applications Harden It

That film resists the tooth brush, and in crevices escapes it. So ordinary brushing does not clean the teeth.

Every soapy application has alkali in it. And alkali hardens albumin.

That is why our old methods proved ineffective. That is why tartar formed. That is why teeth discolored and decayed. That is why they bred germs, despite all our attention.

We brushed them, but did not dislodge all the film. A stain like iodine will prove this.

Three years ago a way was found to keep rid of this film by the aid of a digestant. Five governments already have granted patents on it.

The way is called Pepsodent. The basis is pepsin, the digestant of albumin.

But pepsin alone won't do. It must be activated by an acid. And the usual acid—hydrochloric—is destructive to the teeth.

The solution was found in an acid salt—a neutralized acid which will activate pepsin. That discovery made Pepsodent possible. And with it came this revolution in the use of dentifrice.

Pepsodent brings activated pepsin in contact with that film. The object is to digest and dissolve it, so brushing can remove it. Two or three applications will show its amazing results. Your teeth will feel as though just cleaned by a dentist's polisher. You will know that the film has met a dentifrice which it can't resist.

Exchange this coupon for a One-Week Tube to prove this. It is free. Use it, and let the clear results argue for themselves. You will never go back to a dentifrice which leaves your teeth coated with film. Please act today. Clean, white, filmless teeth are too important to delay. Cut out the coupon now.

ONE-WEEK TUBE FREE

Present this coupon, with your name and address filled in, to the druggist named. It is good for a One-Week Tube of Pepsodent.

FOOD PRODUCT DISTRIBUTION

The provision man has quite a problem to know how to push his product at the present high prevailing prices. In a time of high prices, dealers sometimes say that it is of no use to advertise, because all their prices will seem high to the people who read their ads.

Nevertheless any good wide-awake merchant has talking points that he can use at any time. If he sells a high quality of products, he can advertise the fact that his meats and groceries can be absolutely depended upon. He can hear down on the idea that everything that goes out of his store is of the very best. That will attract a lot of people even in high-price times.

If a man delivers provisions by team he can emphasize the pains he takes to please his customers, that he saves them all the trouble and time of coming to the store, waiting for goods, and the bother of carrying them home. That will appeal to a lot of people.

Or, if he cuts out delivery, and sells only for cash, he can, of course, afford to sell cheaper, if he can get the same volume of business. He should be in a position to advertise lower prices and draw the attention of those who consider price first. Every man has some argument that will appeal to a lot of people, and who will go to him when they find that he is catering to their individual desires.

And it must be a pretty poor kind of store that does not pick up some bargains regularly. Every time a dealer gets something that has special value, then is the golden chance for him to push his business. The people that come in to see the special bargains will be attracted by the solid worth of his regular lines.

SCHOOL DISCIPLINE

In choosing the public school teachers whose work for the year is now beginning, the biggest problem is always to find the people who have the gift of discipline. This does not mean a perfunctory submission to authority, where the children are obediently scared to keep quiet. It means a condition where the pupils loyally take hold to work and where they feel responsibility for the condition of the school.

In the old days, things never settled down in a school until the matter of authority had been firmly settled. In the backwoods districts many were the unfortunate neophytes who were dumped out of doors in the bushes by the big boys. When the school board secured a more athletic instructor, quiet reigned and the people worked as docilely as old sheep.

In a more refined way the same thing is tried out everywhere. In subordinate children work their little tricks, not because the tricks are essentially interesting, but they want to find out just how far they can safely go. If the teacher is flabby, the ingenuity of the children is amazing in devising means for promoting anarchy and irritating the "schoolmarm."

The spirit of loyalty to the school and its work can not be drilled into children by punishment or nagging. It takes knowledge of the child-mind and the arguments that appeal to it. There are teachers who have no particularly magnetic personality, but somehow they succeed in making the children feel that they want to study.

They arouse the spirit of competition, and make the youngsters ashamed to fall behind. They stir the spirit of ambition, and make a boy see that if he wants to get high-

er in life he must do some work. A teacher that has these gifts is a prize not to be parted with readily. Too many communities lose such teachers from being too parsimonious to give small advances in salary. It is poor policy to let any teacher go who has the gift of inspiring youthful enthusiasm.

NEXT YEAR'S PLANTING

The meat shortage that is world-wide will continue for several years, according to statement made to the congress of livestock men by Secretary Houston and Food Administrator Hoover. More than 125 cattle raisers met in Washington to confer on what should be done and they were told that the condition is not a temporary one nor is it confined to the United States.

"With this condition before us, and made plain by such high authorities," said Charles Lathrop Pack, president of the National Emergency Food Garden Commission, "let every city gardener in the country look to next year. You have one good lesson, now profit by that experience and see what the soil needs for best results next year. The commission will answer your questions in this regard for you know the garden will work all winter."

With this statement as to meat conditions every gardener who enrolled as a soldier of the soil to produce food for the kitchen door has a duty to perform—a patriotic duty that he must not shirk. Indications are that we will have two million men under arms. Thousands upon thousands of men have been cheered on their way to training camps. But they now become non-producers and must be fed.

The women have broken all records in the matter of canning and now it is up to the gardeners to come right back with another record breaking year so that the canning and drying may be kept up. The commission now has ready for free distribution storage and pickling materials. All you have to do is write for them. War Garden exhibitions throughout the land are entering the contest for the \$5,000 in prizes and National Certificates of Merit. There is room for a few more but application must be made quickly to the National Emergency Food Garden Commission, 210 Maryland Bldg., Washington, D. C.

The Germans, encouraged after a long series of reverses by the capture of Riga, may gain Petrograd, but the Italians seem to be even more likely to gain Trieste, and the two prizes would just about offset each other. The Germans would be proud of holding an enemy's capital, but the prize of taking their enemy's greatest port and practically cutting Austria off from the sea.

The British food controller fixed the price of potatoes at \$57 a ton and it is related that a British farmer, who was not a class-ey, read the figures backward and charged \$75. But law is law in England and the farmer's profits were swallowed up twice over in the fine for \$27,500 that promptly overtook him.

Beginning October 1st Colonel Theodore Roosevelt will become a member of the staff of the Kansas City Star. Thereafter he will contribute regularly by wire his comments on current events—that is if the wires will stand it. Some of the matter may have to go to Kansas City by mail.

Uncle Sam is determined to be much more than an interested bystander. He counts on an army of 2,000,000 by next June, and has placed orders for more than a million gas masks. Yet the Germans continue to believe—or to pretend to believe—that he is not in earnest.

Austria is admittedly in desperate straits, yet Germany has sent aid only to the extent of two divisions of troops. Though this need not indicate that Germany also is in desperate straits, it clearly shows the Kaiser's man-power has been greatly reduced.

The latest Teutonic peace "feeler" is far less arrogant and much more moderate than some of the preceding, but is probably only another scheme to retard American preparations for war. Only a completely beaten Germany can be trusted to agree to an acceptable peace.

Something must be the matter with the person who can not tell something glorious in the battle for human freedom. But we have known for some time that something was wrong with Mr. LaFollette.

Perishing had hardly objected to officers over forty-five when Italy's Cadorna, a gallant seventy-year-old, proceeded to scoop up nearly all the military honors of recent weeks.

Now that Sweden is known to be a secret ally of Germany the reason for selecting Stockholm for a socialist gathering in the Kaiser's interest is manifest.

THE ROAD FOR RUSSIA

The only road for Russia to follow is the highway of democracy. And democracy is consistent with virtual dictatorship. For there is no head of any democracy in the world, and never has been, that exercises such centralized power as does President Wilson, through the direct conferment by congress and under the observation and approval of congress and the people. The soldiers' and workmen's government is itself an anachronism. It is something apart from the schemes of stable administration. But as a makeshift it may suffice with Kerensky if he is really the strong man of Russia—holding the reins of virtual absoluteness in his hands. When the Russians come to understand that democracy does not limit the power of a people, but expands their power, and when they come to understand that democracy can take that power and centralize it in the hands of one man, if it so desires—always with the power to recall its own conferment—then will Russia turn with eagerness to a personality possessing the strength to stamp under heel the entire crew of radicals—the reactionaries and pro-German agents.

If Russia can see the right road of democracy and has the sense and courage to pursue it, Russia will rapidly secure reorganization and become a real factor in the war. If it straddles the issue and seeks to play up to socialists it will continue to be a miserable parody upon the government, with no internal order or power to deal efficiently with the Teutonic advance. The United States has pointed the way, it has given assistance and promised unlimited aid. It should not consent to pour money into a socialist sieve. And the sooner that Russia is made to understand this the better all around. The United States cannot be coddling along a form of government that in essence is out of harmony with the strong spirit of true organized and efficient democracy. Can Kerensky rise to the need?

A PATRIOTIC JUDGMENT DAY

(Columbus Dispatch.)
A correspondent of the Cleveland Plain Dealer calls attention to the fact that there is going to be a patriotic judgment day in this country—a time when the real patriots will be separated from the disloyal even as the goats are to be separated from the sheep. He refers to future elections, wherein the unpatriotic will be defeated by the patriots, but we carry the prize into the prize of life as well as into public life, and declare with all truth that the patriotic judgment day is not far off.

Every community is gradually coming to understand which citizens are patriotic and which are not—and ostracism is to be the part of the unpatriotic. The fortunes that are made out of the war are going to those who make them and those who inherit them. It is going to be unpatriotic in the day to carry the prize into the prize of life as well as into public life, and declare with all truth that the patriotic judgment day is not far off.

The loyal, patriotic people of this country are going to run it. The shirker and slacker and war profiteer are going to have nothing to do with it. It will not be possible for any one to escape contumely simply by remaining silent at this time. Silence now and inaction are to be known as disloyalty. Nothing to count in the patriotic judgment day but absolute loyalty and sacrifice.

FOR VICTORY IN THE AIR

(Pittsburg Gazette-Times.)
Secretary Baker's announcement that the type of motor with which an enormous fleet of American airplanes will be equipped for service above the German lines has been completed, tested and demonstrated wholly fit for the work is good news and highly important. His further statement that the motor will now be manufactured expeditiously in large numbers and that our airmen will be actively in the war early next year will cause rejoicing in all the countries opposed to the central powers of Europe. It has been asserted the war will be won in the air. The United States is looked to to supply the machines and the men for the victory. We know the men will be ready when needed and we gladly accept the promise of the secretary of war that the machines will be provided as required.

The earnest that the accepted motor will prove all that is claimed for it is that it is a composite of all that is best in the several American machines. All the inventions and patents, secrets and experiences have been pooled for the benefit of the government and the most competent engineers have collaborated to develop from the available material the perfect motor. Manufacture of the machine will not be confined to one of two factories; every available plant will be called upon for its utmost output of such parts as it can furnish. The result should be that great numbers of standardized airplanes of the best type will be produced in the shortest possible time. It is conceivable that we shall get into the war in the air even before any large force of our land fighters can be placed in the trenches. If the experts are not over-sanguine as to the results of such warfare on a stupendous scale the war should be brought to a close swiftly once all airmen go aloft. The national will to win, directed toward the patriotic action of the airplane manufacturers will be more than matched by the study youths who man the machines.

Spirit of the Press

Ready for a Change.
The war will have evolved the most effective preventative of war if it makes education less restricted. If it makes a place in school curricula for timely and undisguised truth regarding history, geography, politics and economics. Such subjects in schools usually are stripped

of the vitality and vivid interest that properly belong to them. The world is ready for a change in these matters.—Rochester Democrat and Chronicle.

What We Will Get.
Out of this war, we are going to get a new United States. We are going to have nobody, but we are going to be prepared to fight whenever necessary. We are going to have the freest country in the world, but we are not going to allow any traitorous highbrows to set their own standards of freedom by which to convert freedom into treason. There are a good many other things "we are going to get out of this war."—Des Moines Capital.

The Story of David.
Why should not our young men going to war with no governor's commission in their pockets to prove they are officers, no bars from the training camp on their shoulders, but only the love of country in their hearts, take courage from the career of David, who left off tending his father's flocks to carry parched corn and loaves to his brethren, and returned the hero and savior of Saul's army? Opportunities for individual prowess are not as great now, they tell us, as they were in the time of David and his sling, and yet we read each day of some American, probably of the LaFollette escadron, the British expeditionary force or the immortal Canadians, cited for some unusual daring or some great achievement. When there no longer is individuality or opportunities for expressing it, men will be no leaders or armies, no captains of finance, commerce or baseball, no golf champions, no moving picture stars, no great surgeons and no "leading" lawyers.—Memphis News Scimitar.

Camouflage.
The tiger would have been eliminated in the struggle for existence ages ago if its striped coat had not enabled it to hide whenever concealment was necessary. The benevolent society which has its headquarters in Tammany Hall has come out for municipal ownership, a business administration, and the rescue of the city from the greed of predatory wealth. There are tigers in the jungles of New York which would hardly have survived for so many years if they consistently appeared in their true colors. When their strategy approach they immediately try to look like something else. But the fact that a tiger understands protective coloration in no way impairs its appetite.—New York Independent.

Pointed Observations

If that senate bill for drafting friendly aliens becomes a law, then the only remaining advantage accruing to the alien status will be exemption from worrying about the municipal campaign.—New York Post.

The chief object of the new liberty motor is to make the air safe for democracy.—New York World.

If it is an insult to the German people to tell them that they are capable of self-government, then President Wilson has insulted them.—Chicago News.

The American method may be called shirt-sleeve diplomacy, but at least it's a clean shirt.—New York Telegraph.

Nothing seems to cow a newspaper like a libel suit. Since Mayor Thompson sued the Chicago news, papers The News has called him nothing worse than Bill the Boob.—Kansas City Star.

In English, we suppose, Luxburg is Lightningbug.—Columbia State.

About the only opportunity open to the man who doesn't know much about anything is the field of criticism.—Toledo Blade.

It must have required mighty self-possession on the part of Sweden to make reference to her neutrality without snickering.—Marion Star.

A Little Fun

Rather Caustic.
Belle—Do you know I've had this dress for eight years?
Beulah—Yes, I know you've had it all the time you've been 28 years old.—Yonkers Statesman.

Revised.
Eat, drink and be merry.
That used to go, but nowadays we say it differently.
What is it now?
Be merry, though you cannot afford either to eat or drink.—Detroit Free Press.

Aerial Alligator.
Are you quite sure that this is a genuine alligator skin?
Positive madam. I shot the alligator myself.
It looks rather soiled.
That, madam, is where it struck the ground when it fell off the tree.—Youth's Companion.

Sardonic Sympathy.
"Did your wife feel sorry when you told her you were going to the war?"
"Yes," replied the man with a square jaw; "sorry for the Germans."—Washington Star.

Parasitical.
"He is very loose in his habits."
"What-dye mean, loose in his habits?"
"He gets tight."—Houston Post.

His Own French.
"Does your son, who is absorbed with the troops, understand French?"
"Oh yes, but he says the people he meets there don't seem to."—Baltimore American.

Der Spieler.
He played big games with reckless zeal.
New rules to conquer fate he planned.
He got "mailed first" in the deal.
And then he overplayed his hand.—Washington Star.

Uncle Sam: "Well, Young Man, Where Will You Serve, Here or at Home?"

25 Years Ago

(From Advocate, Sept. 18, 1892.)
A jolly theatre party consisting of Messrs Fred Black, Jack White and Misses Kate Wilson, Kate Winegar, Hattie Smeyers and mame Smucker went to Columbus last night to see Nat Goodwin in the "Nominée."

Burglars entered the office of the P. W. Smith & Sons Lumber dealers last night.
Capt. S. J. Hamilton, W. A. Lovett, Major Nichols, L. S. Incho and George Boggs, delegates from Lemert Post to the G. A. R. reunion will leave tonight.
The marriage of Mr. Shadwin, John and Miss Jennie Raysinger, took place Saturday evening, of Mr. Wright D. Wyeth was delightedly surprised by a few of his friends, Friday evening at his home on North Fourth street.

15 YEARS AGO.

(From Advocate, Sept. 18, 1902.)
The new furniture company composed of a number of Newark's prominent business men, will probably be running in about three weeks. Mr. Charles Foley of Philadelphia and Miss Edith Cunningham of this city were married Wednesday evening.

Francis Turner a well known B. & O. machinist died at his home in Eastern avenue, today.
President Theodore Roosevelt will pass through here Saturday.
Fred Richards, and Miss Helen Gertrude Wolverton, were married Wednesday evening at the First Presbyterian parsonage by Rev. L. S. Boyce.

The Board of Infirmary Directors of Licking county appointed Mr. Cephas Harter of Jacksonville as superintendent of the Infirmary.
Mr. Clark Walrath was found dead in an elevator shaft Wednesday.

The World War a Year Ago Today—Sept. 18.

Heavy German attacks in the Champagne failed. British captured the "quadrilateral" trenches at Combes, Somme front.
Italians repulsed on Carso plateau.
Franco-Russian troops in northwestern Macedonia captured Florina.

Two Years Ago Today.

German army captured Vilna, fortified Russian railroad center.

Three Years Ago Today.

Beginning of the siege on the Aisne river around Soissons.

ZANESVILLE PLANS FAREWELL PARTY FOR DRAFTED MEN

Zanesville, Sept. 18.—The 68 Muskingum county men who will leave Thursday at 12:30 a. m. for Camp Sherman will be given an appropriate farewell. Among the men who go are Alfred P. Milles of Newark, Grant King, Dresden; Arthur Hook, Duncan Falls; Edwin R. Floyd, Dresden; Max Lemert, Frazzysburg; C. A. Butler, Dresden; Raymond Diggins, Nashport; Asa L. Stump, Nashport; Fred M. Combs, Frazzysburg; C. A. Cross, Dresden; C. E. Martin, Duncan Falls; R. S. Daltell, Frazzysburg.

Keep your nose down to the grindstone and the world will do you a good turn.

The Advocate's TRAVELING DATE

Such are the vicissitudes of the world through all its parts, that day and night, labour and rest, hurry and retirement, endear each other; such are the changes that keep the mind in action; we desire, we pursue, we obtain, we are satisfied; we desire something else and begin a new pursuit.—Samuel Johnson.

The Last Hope.
There was an old ruler of Paris. Whose face was so ugly 'twould scare us.
He was poor as old Ned, But complacently said, "I shall now have to marry an Irishess."

Ready for No. 5.
Aunt Caline says:—Otto Waite has lost a nother wife, this here a-makin' fore which he has berried. An' so a Sunday he goes down to the seminary a-carryin' a big bunch of flowers to put onto the graves. An' pretty soon Less Braine, which he ain't over-brite, he come along an' seen' Otto in there walks in an' goin' up to the last grave.

What's the Answer?
E. B. F., taking the obvious advantage of his wife's being away overnight, writes that he was made reckless by his recovered sense of freedom to the extent of rifling the icebox when he came home. While he was thus anticipating his breakfast by a few hours, a haunting memory of one of the gentle pastimes of the night inspired the following:
The melon colic days are come,—
The saddest of the year;
Now will it hurt my little tum,
To mix this with my beer?

Did You Know
That Samuel Johnson was born September 18, 1709, in Litchfield, Staffordshire, England? It is said that at eighteen, the year before he entered Oxford, he knew almost as much as at fifty-three. Poverty prevented his graduating at the university for his degree. When he was twenty-five he married a widow of forty-eight. With her money he opened a private school but failed. He never had more than eight pupils, one of whom was the actor, David Garrick. In 1762, for the first time, he was really independent, for at that time George III gave him a life pension of three hundred pounds per year. As late as 1759 he had been obliged to write the romance of "Rasselas" in a week to pay his mother's funeral expenses. In 1784 he died and was buried in Westminster Abbey among the poets—whose lives he had written.

Retired.
I love my dear fiver, It holdeth a charm, And I don't crank it, 'Twill do me no harm.—Florida Times-Union.

She Had the Rest.
"Did he have words with his wife?"
"He had a few of them."—Judge.

Johnny Knew.
Johnny—Sis, can I stay up a little longer? I want to see you and Mr. Green play cards.
Mr. Green—But we are not going to play cards.
Johnny—Oh, yes, you are, for I

ducers would all continue to kick as usual.—Ohio State Journal.
If the contributions from Oyster Bay are to be in the form of paragraphs there probably will not be so very many to the busnel and we think the government ought to make some discrimination.

No Joke.
"Divorce Court records you should scan To find," said Mr. Dove, "That half the men who wed a girl Forget they must support her."—Hastings, Neb., Tribune.

WHEAT BREAD CANNOT BE MADE FROM RYE FLOUR

Mother would not make wheat bread with rye flour, nor can chewing gum be made of good quality except with pure chicle. The tremendous increase in cost of chicle has led to the use of substitutes, which is doctored up with pungent flavor.

The secret of FAN TAN success lies in the blending of the

sweet-natural flavor of pure chicle with deliciously delicate floral flavors.

A bite into a stick of FAN TAN will remind you of the real rubbery, snappy gum of years gone. FAN TAN is made of the finest, sweetest grades of Mexican chicle, but it costs you no more than ordinary, strong flavored substitutes.

ABOUT PEOPLE

Mr. and Mrs. Walter Sayre and two children, Donovan and Ellen of Dayton; Mr. and Mrs. Ray Lawrence and son Winston of Cincinnati, Mr. and Mrs. Scott Fullerton of Columbus, and Mrs. Virginia Lawrence of Cincinnati, are spending this week with Mrs. Olive Benson and family, West Main street.

Mr. and Mrs. Charles H. Smith of Seventh street, are at the Glenwood Hotel, Mt. Clemens, Mich.

Carl Brubaker left yesterday for Delaware, O., where he will enter Ohio Wesleyan University.

Frederick Hall left last night for Philadelphia, where he will enter the Philadelphia College of Pharmacy.

Mrs. Elizabeth Green and daughter Hazel of Mt. Carmel Hospital have returned from an eastern trip. Miss Hazel returned to her work at the hospital today.

James Linahan has returned home after spending two months in New York City.

John Jayne of Pittsburgh was a visitor in the city today.

Ralph Cherry was a visitor in Columbus on Monday.

Mrs. Mary Skiles of 28 South Fifth street left today for Cambridge to visit Mrs. Charles Touville, and attend the Guernsey county fair at Old Washington.

Miss Hattie Hoskins of West Main street has returned from a visit in Akron.

Every Day Etiquette

"Please tell me whether it is considered good form to wear a band of black on one arm when a member of the family has passed away," asked Stella.

"This is a custom of olden times. If one cannot afford black garments it is best not to wear a black band or any outside sign of sorrow," said her friend.

Milady's Boudoir

The Woman Who Dyes Her Hair.
Many a woman dyes her hair because she believes it will make her more beautiful. And everyone has noted her subterfuge because her complexion does not tone into the line of the hair about her face and her eyebrows seem meant for someone else. If your hair is light naturally you want it to look as bright as possible, and if it is dark you want it to stay that way and not become streaked after the shampoo. There are certain harmless ingredients that may be added to the shampoo water and these will help to retain for a long time all the natural beauty that the hair ever possessed.

Brunettes may use an egg or a little soda beaten into California claret. This wine takes its color from the skin of the black grapes and contains tannin, which is good for the scalp and hair roots. The yolk of eggs or subcarbonate of soda or potash are good for every dark hair.

How fortunate you are if your hair is light, for the sun is always ready to shed its beneficial rays on your head and aid in the lightening process. The commonly accepted household bleaches—ammonia, bor-

SOCIAL EVENTS

(Society Editor, Auto Phone 23123.)

Dunzweller-Lemmon.
On last Wednesday evening, Miss Gertrude C. Lemmon was united in marriage to Mr. Rhinehart William Dunzweller by Rev. Calvin G. Hazlett in the study of the First Presbyterian church. The ring ceremony of the Presbyterian church was used. The young people were unattended. They expect to leave on an extended wedding trip today, Monday, and on this account immediate announcement of the marriage was not made. The young couple simply stole a march on their many friends.

Brinker-Gosnel.
Mr. William M. Brinker and Miss Mabel Estel Gosnel were united in marriage at the Methodist parsonage at Chatham last Wednesday evening at 7:30. Rev. John L. Landstetel officiating.

The bride is the daughter of Mr. and Mrs. Eliezer Gosnel, near Liberty church. The young couple will for the present remain at the Gosnel home. They are well-known.

Mrs. John Hohl will entertain the members of the Colonial Sewing club at her home in Maple avenue on Wednesday afternoon.

The members of Hetack Chapter, Daughters of the American Revolution, will be entertained at the home of Mrs. D. V. Day in Twenty-first street on Wednesday afternoon. The Granville street bus will leave the Fourth street entrance to the Arcade at 2:15 o'clock, carrying the guests to the Day home. All the members and those interested in knitting are invited.

Mrs. W. E. Loose will be hostess to the members of Trinity Sewing club on Friday afternoon at her home in 21 Pearl street.

Miss Mary Gilmore entertained with a miscellaneous shower at her home in South Fifth street on Monday evening, honoring Miss Jeanette Talbot. The Gilmore home was prettily arranged with garden flowers and an appetizing luncheon was served.

The wedding of Miss Jeanette Talbot of South Second street and Mr. Joseph Deek will be solemnized on Wednesday morning at 8 o'clock at St. Francis de Sales church.

The Ladies Auxiliary Knights of St. John will entertain with a card party on Wednesday evening, September 19 at the Knights of Columbus club room.

CAPT. M'FARLAND IN TOWN TODAY

Captain Ed. R. McFarland of the United States Signal Corps, the oldest active member of the present army, stopped off for a few hours at his old home, Black Hand, and met his old bunkie "Rosey" of the old Co. G. 7th O. V. I. (war with Spain) of which company Capt. McFarland was quartermaster in 1898. "Rosey" and "Ed" had not met since he went to Alaska and has been there engaged lately as superintendent of wireless telegraph and telephone telegraph of the Alaska railroad. Captain McFarland will report at an Atlantic port for duty, "somewhere in France." He also acknowledged the receipt of one of the Licking county soldier service medals which he received at Seattle, Wash., upon his arrival there from Alaska. "Mc" is one of Licking County's finest looking officers and The Advocate speaks for his faithful service.

NEEDMORE

A surprise was given Mrs. J. W. Martin at her home here Sunday, in honor of her 61st birthday anniversary. At noon a bounteous dinner was served to the following: Mr. and Mrs. J. W. Martin, Mr. and Mrs. Jas. Colville, Mr. and Mrs. L. D. Martin and children, Mr. and Mrs. Charles McMillen and son, Mr. and Mrs. J. B. Martin and children, Mr. and Mrs. Stanton Wilson and daughter Mary, Mr. and Mrs. Grover Ullery and son George, Mr. and Mrs. Roy Clark, Mrs. Lillie Martin, Miss Zella Martin and Mr. and Mrs. Lee Martin and children. Mrs. Martin received many beautiful and useful presents.

Several from here attended the fair at Newark Friday.

Mrs. Hardesty of Bladensburg, spent part of last week with her daughter Mrs. Walter McDonald.

Edith Clark made a trip to Newark Monday.

Mr. and Mrs. Thurman Moran and little son Foust spent Tuesday afternoon with Mr. and Mrs. Lee Martin.

Mrs. Walter McDonald went to Bladensburg, Sunday afternoon. She was accompanied by her mother and sister.

Mr. and Mrs. Walter Van Winkle and son Earl Fred, were callers at the home of J. W. Martin, Sunday.

Mrs. Roy Clark and Miss Edith Clark spent Monday and Tuesday visiting relatives at Frasersburg.

FRANKLIN TOWNSHIP.
Class No. 4, of the St. John's Lutheran Sunday school will entertain at the church on Friday evening, Sept. 21, in the form of a harvest home festival and will consist of recitations, songs and an address by Mr. Ray Evans of Newark. Refreshments will be served and the class comfort will be sold to the highest bidder. Everybody invited.

Mr. and Mrs. Carl Ritchey and family, Mr. and Mrs. James Taylor, Miss Maggie, Hazel and Clara Taylor, spent Sunday with Mr. and Mrs. Ritchey of near Perryton.

Mr. and Mrs. Ed Benner entertained a number of friends at dinner on Sunday.

The Sunday School Class No. 4, was entertained at the home of Miss Maude Parr last Saturday.

Nearly everyone from this community attended the county fair last week.

Communion services will be held at the Lutheran church on next Sunday.

GOVERNOR AND MRS. J. M. COX JUST AFTER THEIR MARRIAGE AT CHICAGO

GOV. AND MRS. COX

The accompanying photograph of Governor and Mrs. J. M. Cox was taken Saturday afternoon, just after their marriage, which took place in the gardens of the Erskine Wilder home, at Elmhurst, just outside of Chicago. Rev. Washington Gladden, D. D., of Columbus performed the ceremony.

The bride, formerly Miss Margaretta Blair of Chicago, wore a gown of white silk with a veil and tulle caught with orange blossoms and capped with lace. The ceremony was conspicuous for its simplicity.

After a short honeymoon, Governor and Mrs. Cox will make their home at the Deshler hotel, Columbus, until a \$300,000 home, being built by the governor at Dayton, is completed.

GRANVILLE

(Special to Advocate.)

Granville, Sept. 18.—Military drill is to be the special feature in Denison University during the coming year, and Prof. Walter Livingston is eminently well fitted to direct as well as the athletics of the institution. He spent the summer in Chicago perfecting himself in all the requirements. The students met last night and displayed much enthusiasm in taking hold of the work. There are to be two courses, the intensive four-hour course, which will probably enroll some fifty students, and the two-hour compulsory course, which includes all the men of the college. Those passing the tests at the end of each semester are to receive credit on their college work, corresponding to the course they elect. In the four-hour class there will be the regular officers' training. Prof. Livingston will appoint the officers for the beginning, after that they will be elected. Indoor athletics this winter will conform to these new requirements.

Mr. and Mrs. Burton Case have as house guests this week their sister, Mrs. Katherine W. Osborn, of Columbus, and their nephew, Howard Osborn, structural steel designer with the American Bridge company of Chicago. In compliment to Mr. Osborn a few young people were informally entertained last evening at the Case home.

Phi Gamma Delta fraternity entertained with a banquet at Thorne's Hill Saturday evening, six teen couples comprising the merry company. This fraternity announces the pledging of: Eugene Pfanner, Dayton; George Duero, Ashtabula; John Price, Chicago; Kenneth Hall, Horrell, N. Y.; Harold Domson, Co-shoot; Oris Matthews, Jackson; Walter Belt, Norwalk, all of the class of 1921.

Miss Harriet Hunt of Boston, Mass., daughter of Dr. and Mrs. Henry W. Hunt, formerly of Denison University, has spent several days in Granville as the guest of her aunt, Mrs. Helen Hunt of Park Drive. She accompanied her cousin, Miss Clara Olney, of Waltham, Mass., who entered Denison Tuesday.

Kappa Phi sorority gave an informal spread Saturday afternoon at which were present active and alumnae members and the eight pledged members: Misses Katherine Stout, Elsie Barker, Mildred Klinger, Emma Price, all of Dayton; Laura Price of Owatonna, Minn.; Louise Hamblin of Granville; Gladys Miller of Toledo; Dorothy Cheney, Chicago.

Miss Juliet Barker, who has been the house guest of Mrs. Theodore Johnson during the opening week of college, returned to her home in Cambridge, Monday.

Miss Helen Robinson of Pittsburgh, formerly of Denison, who has been visiting friends in Granville, has left to assume duties of high school teacher in Bowling Green.

Mrs. Frank Carney has as house

guests her son and daughter, Mr. and Mrs. Ewart Carney, and her sister, Mrs. Smith of Endicott, N. Y.

Mr. and Mrs. Duer of Killbuck, accompanied by their niece, Miss Anna Lisle of Chicago, motored to Granville, Saturday afternoon and left for their home Sunday afternoon.

ORDERS FROM JAPAN

Are to sell the most remarkable collection of Japanese and Chinese high art ever brought to this city. Sale begins Wednesday, Sept. 19th at 10:30 a. m., 3:30 and 8 p. m. Tokio Art Association, 8 North Park Place.

THE COURTS

Ida Headlee has applied for a divorce from Pheneas Headlee, filing her petition in common pleas court today. She charges neglect, failure to provide and intoxication. They were married Sept. 16, 1916. Plaintiff asks to be restored to her former name of Ida Mitchell.

Viewing Road.

The county commissioners are engaged this afternoon in viewing a proposed change in the road leading from the Robert Stone farm to Wilkins Corner. The granting of the petition by the commissioners would abandon the old road running from the Levi Linn farm for a distance of 3,700 feet.

Marriage Licenses.

Wm. G. Clappett, a farmer of Pinecrest, Minn., and Mrs. Anna McKinney, a dress maker of Utica, O. Homer L. Shepherd, a farmer of this city, and Miss Eva F. Jones, of Madison township. Rev. J. R. Shepherd named to officiate.

OBITUARY

Paul E. Fant.
Paul E. Fant, who was born in Newark, August 17, 1888, died at 5:30 a. m. September 17, at the Franklin county Tuberculosis Sanatorium in Columbus, where he has been a patient since February 1. Private funeral services will be held on Wednesday morning at 10 o'clock at the Criss Brothers undertaking parlors in West Main street, and interment will be made in Maple Grove cemetery. Rev. L. C. Sparks officiating. No flowers.

George Ellis Brey.
George Ellis Brey, 64 years of age, died at the home of his parents, Mr. and Mrs. J. Brey, in 52 Webb street, Monday afternoon. The funeral services were held this afternoon at the home and burial was made in Cedar Hill cemetery.

THIS IS THE BEST POLISH YOU SHOULD USE

It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or stand out, and the shine lasts as long as ordinary stove polish. Used on stoves and sold by hardware and grocery dealers.

Black Silk Stove Polish Works, Springfield, Illinois

A Shine in Every Drop

YOU CAN IMPROVE THE APPEARANCE OF YOUR HOME.

Material for these **\$15.75**

R. B. White Lumber Co.

Clinton Street, North of Square.

Phone us and let us explain.

THEY STAY "PUT"

Tires made of the best of materials always withstand the hardest usage. In selecting a tire you should take this into consideration. Another requisite of a good tire is its ability to stay in the road. That is one of the big factors of Pennsylvania Vacuum Cup tires. They are covered with little cups that by suction grip the slippery streets and keep your car from skidding. A protection to you and your car, and they cost no more at S. M. Wolfes, 59 Hudson Ave.

DOCTORS ARE BOOSTING IT

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the widespread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better, and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough iron and phosphorus in the blood and nerves we are healthy; that almost all conditions of ill-health and nervousness are due to the lack of iron or phosphorus. Phosphated Iron rarely fails to supply the needed amount of both.

Phosphated Iron one week and you will forget you were ever nervous, tired out and run down, you can feel it taking hold.

Special Notice.—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets; insist on the genuine, in capsules only. Evans Drug Store, Newark, and leading druggists everywhere. (Adv.)

FURNACE CLOGGED

How many times have you had to don a pair of overalls and clean the furnace flue in the dead of winter? All this can be avoided if you buy coal like the Dixie Coal Co. sells. You will have no clogged furnace or dirty, sooty basement. The coal we sell is nice and clean and is really worth more than we ask you because it is so economical as a fuel. If you have not laid in your winter supply, better call 7099 and let us make arrangements now.

A PORTUGUESE DANCE.

An instrumental descriptive by Prince's Band, "Chamarita," a Portuguese dance, just announced by Columbia, affords a delightful glimpse of the whimsical vagaries of the dances of Portugal.

The merry challenge of castanets introduces a whirling melody that suggests the audacious dance of a scantily-clad Portuguese damsel, alternately gay and pensive.

Delicate woodwind passages flit with butterfly grace in and out the full-throated choruses of brasses and strings, fittingly lapsing into gay castanet themes.

BOARD RECEIVES 61 APPLICATIONS LIQUOR LICENSE

Saturday, September 15th, inst. closed the application liquor licensing period for the present. However, any one can apply at any time, but those received from the first to the fifteenth will be considered by the board first.

The license board, Messrs. O. C. Larason and Ray Martin, will have to consider before the fourth Monday of November, 61 applications against 62 received last year. There are 3 applications from Utica and 58 from Newark, one being a wholesale license. There are three originals and 58 renewals.

The secretary, Mr. Larason, will be kept busy for quite a while, docketing all names and making the proper entries in the Receipt Journal, Record of Receipts and other books, furnished by the state board.

The board, before rejecting or granting licenses, must inspect all saloons as to sanitary conditions and satisfy itself that minors, habitual drunkards and women do not frequent saloons.

SOLDIERS' MEDALS

Editor of The Advocate: It is with great pleasure that I take this opportunity to thank the people of Licking county for the medal which they give to the boys in the service of the United States of America. I thank you for this kind remembrance. The medal will undoubtedly mean much to each of the men who receive it. You have selected, perhaps unwittingly, a gift which will be either a great comfort or stinging and well deserved rebuke. You have sent us out in full confidence that we will do our duty, nobly and honorably, and the very emblem by which you have expressed this confidence will be the reminder of our dishonor through the years that are come, if we fail to keep this trust. Hence your gift will spur us on to victory. May God grant that we shall do our full share in making "the world safe for democracy." Then will the medal you have given us be a badge of honor. Sincerely yours, Clifton W. Hall, (Granville), Battery D, 324th F. A., Camp Sherman, Ohio.

The service medal addressed to O. E. Berry, U. S. S. Delaware, Division 18, care Postmaster, New York City, has just been returned to The Advocate, stamped "Not on board Wisconsin." Whether the letter was sent by mistake to the Wisconsin instead of the Delaware is not indicated. Mr. Berry's home address is 295 Beech street, Newark. A further effort will be made to deliver Mr. Berry's medal.

Editor of The Advocate.—The last mail brought me the medal Licking county saw fit to award the men who enlisted in the cause of our country and I assure you it is a token ever to be remembered by the recipients, and I wish to thank you most heartily and assure you it is an act I appreciate most extensively, and shall do all I can to make the "world safe for democracy," and to insure this country against the degenerating hand of autocracy. Had this call been for men to fight for states, I most assuredly would have returned home to Ohio. But this call was for men who are all for the same game, spiritually speaking, because we wish no real material gain, but simply a spiritual gain and that object in view makes it deep for some men to see, consequently, recruiting proved unsuccessful, to a certain extent. Thanking you again and wishing the people of Licking county and The Advocate to accept them, I am, Thankfully yours, F. N. Farmer, Third Indiana Infantry, Machine Gun Company, Ft. Harrison, Indiana.

OHIO ELKS PLAN BIG TIMES FOR REUNION

Columbus, O., Sept. 18.—More than 5000 Elks from all over Ohio are expected to gather in Columbus for the 19th annual reunion of their state association, Tuesday, Wednesday and Thursday, September 18-20. It will be the first time the reunion ever has been held here and members of Columbus Lodge, No. 37, are going to the limit with preparations for entertaining the lodgemen and their ladies.

The magnificent new home of Columbus lodge, one of the finest in the United States, will be the center of reunion activities. The home and Columbus streets will be decorated on an elaborate scale with purple and white.

Of the many attractive events on the program, the patriotic demonstration Thursday night is expected to outshine all others. Senator John Sharp Williams of Mississippi, an Elk, has promised to speak at this affair, which will be held at Memorial Hall, a stone's throw from the Elks' home. It is probable that other men prominent in public life also will be on the patriotic program. The public is privileged to participate in the demonstration, which is to replace the customary reunion parade. Mrs. Williams will accompany the senator, and ladies of the Elks will entertain her. Another important visitor at the meeting will be Fred Harper of Lynchburg, Va., grand exalted ruler of the order.

THE GROWING GIRL.

A girl when in her teens is passing through a critical period of her life. The transition from childhood to maturity is not always easy; consequently, in many cases health breaks down entirely and the girl goes into a decline and dies young. If she escapes this fate, she may fall into a state of permanent ill-health. It is of the utmost importance, in order to insure normal and healthy development, that proper precautions be taken, and nothing has proved more helpful than the faithful use of Lydia E. Pinkham's Vegetable Compound, the great woman's medicine and tonic.—Advertisement.

MEETING TONIGHT TO FORM CHORAL SOCIETY IN NEWARK

The Time to "Get into Step." Quite as important for the people who stay at home as for those who are called over-seas is the matter of community singing. If you live in Newark and if you have never experienced the inspiration that comes with singing in unison with others, attend the first rehearsal of the Civic Choral Society. They need your voice and you need the joy, perhaps the comfort, which may be found in group singing.

Go to the organization at Taylor Hall tonight at 7:30.

It's a great time for "keeping step" and you will find it worth while this year to get into the step and let the spirit of community singing.

Don't forget the date, tonight, Taylor Hall, 7:30.

MILITARY WRIST WATCHES

EXPECT OHIOANS TO GIVE \$125,000 FOR SOLDIER BOOK FUND

Columbus, O., Sept. 18.—The call went out today to libraries throughout Ohio to aid the million-dollar "soldiers' book fund" to be raised in America the week of September 24.

"Ohio's contribution to this fund should be no less than \$125,000," says State Librarian C. B. Galbreath in a letter to librarians in every community in the state. "This is a small amount compared to our free-will contributions for other beneficent war purposes. We confidently appeal to you for aid in this worthy enterprise. This is our special opportunity for patriotic service."

Mr. Galbreath's letter went out at the request of the State Defense Council, which will back the book fund campaign to the limit. Women's clubs and Boy Scout troops likely will be asked to aid in soliciting funds for the project.

"Wherever soldiers assemble—in camps, cantonments or trenches—there is a demand for reading matter," said Galbreath today. "General Pershing has been in France but a little while when he sent home a request for reading matter for his soldiers. Many fighters, somewhat illiterate before, become insatiable readers in war service. Books and magazines supply a relaxation the soldier can't get otherwise while on duty."

SUSPECT INCENDIARY.

(Associated Press Telegram)

Westwood, Cal., Sept. 18.—Fire believed to be of incendiary origin, destroyed 70,000,000 feet of lumber in the yards of the Red River Lumber company here yesterday. The loss is estimated at \$2,000,000. Twenty million feet of lumber was saved. An investigation is under way.

Considering that his duties are so confining, the jailer seldom takes a vacation.

SPEED OF TANLAC IMPRESSES ERMAN

Arade Druggist Comments Upon Brilliant Success: Master Medicine Achieved Last Saturday.

Tanlac proved a headliner at Erman's Arcade drug store, Saturday. At the closing hour, 10 p. m., Druggist Erman remarked: "I say this has been a banner day for Tanlac."

"That Tanlac is a strong favorite with dyspeptic, nervous men and women cannot be disputed. Bessie Conner, 109 Jackson street, Newark, says: 'I have used Tanlac for stomach trouble with splendid success. It has not only relieved me of sour stomach, bloating and palpitation, but my nerves are improved, I sleep better and am a great deal stronger. Tanlac also drove away that tired feeling, gave me an appetite and put color in my face. My health's really excellent now.'"

Tanlac, the new vegetable tonic, stomachic, appetizer, combatant, and invigorant, is being specially introduced at Erman's Arcade drug store. Tanlac may also be procured at the Evans pharmacy, (Warden Hotel block, east side square) Newark and at the Hebron drug store, Hebron, O. (Adv.)

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further action. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

HOME DECORATION

A great deal of Wall Paper is being used right now. One reason for it is perhaps the fact that prices will be very much higher next spring from all indications. The Edmiston Book Store is very busy in this department. They are still selling all their paper at the old prices. They are very fortunate in making their contracts with the largest factories in the country before the advance. They have just received a 5,000 roll shipment of every roll of which will be sold at the old price. This will be a great saving to present purchasers.

REDUCE FUEL BILL.

These are fine days. Just a little crimp in the mornings but that is just a reminder of the colder days that are coming. You have put away your straws why not put away that stove for ever. Install a Boomer furnace and be prepared for winter. Have the work done now and have the heat in your home when you need it. A Boomer furnace will save on your fuel bill too. It is the most economical furnace to be had and you know the price of coal is much higher. Let J. D. Keesey convince you by evidence right here in Newark. Call 1534 now.

IT MAY BE THERE—IN TONIGHT'S CLASSIFIED ADS

THE MODERN DENTIST

REV. G. L. DIEHL RECEIVES CALL MARION, INDIANA

Rev. Grover L. Diehl of the Plymouth church, received this morning a unanimous call from the Temple church, Marion, Ind. This is, next to Indianapolis, the largest church of the denomination in the state of Indiana. It includes in its membership the president of the Methodist glass works, a judge of the supreme court.

REV. GROVER L. DIEHL.

the superintendent of the Indiana Drop Forge company, besides many other leading business and professional men of the city. As a rival candidate the associated pastor of Dr. Gonsaulus church in Chicago spoke the Sunday before Mr. Diehl. He had strong endorsements from Dr. Gonsaulus and the leading Chicago ministers.

Mr. Diehl's references were Dr. Carl S. Patton, Columbus; Edward I. Bosworth, D. D., senior dean of Oberlin Theological Seminary; Chas. R. Brown, D. D., Yale University, New Haven, Conn.; and Dan F. Bradley, D. D., Cleveland, O.

The Temple church is located in the principal section of the city with the city library next door, and the conservatory of music across the street. Mr. Diehl will receive a salary of \$3000 at Marion.

Rev. Mr. Diehl is one of Newark's most talented and most popular ministers. He is a young man, who has a grasp on present-day conditions and a happy form of expression. His many Newark friends will be sorry to have him leave town, but they nevertheless will congratulate him upon the splendid appointment that comes to him from Marion, Ind.

DEMISON NOT JUBILANT

OVER FOOTBALL PROSPECTS

Granville, Sept. 18.—With a schedule of nine games to fulfill and a squad of only 20 men, chances for the Demison football team for the coming year are none too bright. Otterbein will be the first opponent of the Big Red team, the Westerville institution opening the season at Granville on Sept. 29. Three weeks later will occur the biggest game of the season when Ohio State University will be met at the capital. Miami follows the next Saturday at Dayton. Kenyon will close the season with a game at Newark. The full schedule follows:

Sep. 29—Otterbein at Granville.
Oct. 6—Marshall at Granville.
Oct. 12—Ohio Northern at Ada.
Oct. 17—Ohio State at Columbus.
Nov. 3—Miami at Dayton.
Nov. 10—Akron at Granville.
Nov. 17—Wesleyan at Delaware.
Nov. 24—Wittenberg at Granville.
Nov. 29—Kenyon at Newark.

DEMISON GRIDGERS MAY PLAY IN SOUTHERN CAMP

Granville, Sept. 18.—Graduate Manager Coons of Demison University yesterday received a telegram from the director of athletics at Camp Sheridan, Montgomery, Ala., asking for a football game to be played there. Prof. Coons stated that he would accept the offer, providing the Oct. 13 date, which Ohio Northern cancelled, would be satisfactory.

OLD TICKET SHOWS CANDIDATES FOR FORGOTTEN OFFICES

The Advocate has received an old "Fifth ward regular Democratic ticket" which reads as follows:

For Commissioner of the Board of Assessment and Revision of Taxes in the city of Newark—Owen F. Conlon.
For Commissioner of the Newark Aqueduct Board—Ferdinand H. Wismer.
For Trustee of the Newark City Home—John B. Richmond.
For Alderman—Frederick Burgess.
For Commissioner of the Board of Education of the city of Newark—Louis W. Ziegler.
For Justices of the Peace—William T. Lowe, John Murphy.
For Constable—Charles F. Ruerup.

The ballot was printed in three colors, red, white and blue, and under the heading appears the picture of a man nailing the American flag upon which was printed the word "Democracy" to the mast.

There is no date upon the ballot. The names are not familiar to those who have seen the list and nobody has been found who can tell where the "Newark City Home" was located. Who knows?

RED CROSS SANITARY

UNITS AT CHILLICOTHE

Washington, Sept. 18.—Appropriations to establish Red Cross sanitary units for the protection of health in districts surrounding four more army cantonments were announced today by the Red Cross war council. Twelve cities have now requested the co-operation of the Red Cross in taking measures to prevent the spread of disease or epidemics, and in making the communities surrounding the camps safe for the soldiers. The total amount now appropriated to begin this work is \$106,000.

The four latest cities to receive Red Cross aid in sanitation are: Newport News, Va.; Ayer, Mass.; Atlanta, Ga.; and Chillicothe, O.

The twelfth unit is designed for Chillicothe and will assign a bacteriologist to work in co-operation with the Ohio state board of health. It will include also several sanitary inspectors and two public health nurses to support the existing health organization. The appropriation here is \$10,000.

All these sanitary units of the Red Cross are to be placed at the disposal of the public health service and state and county health authorities. Under their direction they will assist in the sanitation of districts around cantonments and army communities.

DOWNEY EASILY BEATS

ROCHESTER PUGILIST

Columbus, Sept. 18.—Bryan Downey had little trouble in winning over Matt Wells of Rochester, N. Y., and London, England, in 12 rounds before the Queensbury club at the Coliseum last night.

After the fourth round the outcome was never in doubt, and although Wells was going all the time he was no match for the Columbus battler, who was after his man every minute and never missed an opportunity to land a punch while he made Wells miss many.

The bout was uninteresting until the fourth session, with honors about even, when Downey cut loose and from that time on there was never a question as to the outcome. Downey beat Wells to the punch in almost every instance, and as the English scrapper would come in with head down Downey would slide step and wallop him with a right or left uppercut, and at infighting Downey had all the better of the going as well.

YOUR OLD VICTROLA

RECORDS ARE NEEDED IN THE CANTONMENTS

Columbus, O., Sept. 18.—Here's another way to help the "Sammy" from Ohio:

Donate your old phonograph or Victrola records to the soldiers! The Ohio Defense Council, acting with the Young Men's Christian Association, sends this plea today to families and dealers throughout the state. Chaplain S. L. Martin, Seventh Ohio Infantry, suggested the idea. Most companies have the machines. Many individual soldiers have them. All they need is records.

"There are thousands of families who have used records they'd be glad to give to the soldiers. Dealers already have offered to turn over large consignments of shop-worn records. What we don't want, of course, are cracked or damaged records."

Patriotic music-lovers who will spare records for Ohio soldiers should follow this plan, according to the state war board:

Mail or express your records to the state committee, Young Men's Christian Association, 30 South Third street, Columbus, O. John W. Pontius, acting Y. M. C. A. state secretary, will sort out the records, box them up and send them to Y. M. C. A. cantonment at Camp Sherman, Chillicothe, O. where Ohio's selective service recruits are training, and to Camp Sheridan, Montgomery, Ala., where Ohio National Guardsmen are stationed.

An Immense Showing of The New Fall Dresses For Women and Misses Most Exceptional Values

HOSTER STAKE IS FEATURE RACE FOR CIRCUIT PROGRAM

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., Sept. 18.—Six contestants will be in the field this afternoon for the Hoster-Columbus \$10,000 stake for 2:14 trotters. The biggest race of the meeting will have as its starters, Early Dreams, Royal Mac, Lu Princeton, Peter Thornhill, Winnatoma and Peter Vausn. Favorites are Early Dreams and Royal Mac. Both have been consistent winners during the season.

The unfinished King pacing stake race for 2:05 pacers, which will be run off this afternoon, makes the program heavier than usual. Little Frank D's failure to take the third heat yesterday after winning easily the first two, gives The Savoy a chance to take the \$3000 purse today.

The Horse Review Futurity for three-year-old trotters for a purse of \$8000 has as starters Bertha McGuire, Harvest Gale, Mary Coburn, Worthy Volo, The Real Lady, Azo Jay, Miss Bertha Dillon and Leonard.

The 20.7 pacers, numbering eight, will contest in the third race on the card for a purse of \$1000. Entries as stated as follows: Peter Greenwade, Colleen, Bar Light Peter G, Hal Connor, Little Battie, Tip Top, Dan Mack and Halpex E.

Clip the Pepsodent Coupon from today's Advocate, it's worth money to you. 18-d-11*

BIG CROP OF CORN IN LICKING COUNTY

How will you get it out in time to seed to wheat? Labor is scarce and high-priced. Let us help you to solve this problem. Buy a McCormick Corn Binder. This will enable you to finish seeding from ten days to two weeks earlier, which will make you money. Probably enough to pay for the McCormick Binder, as the binder will not only save the cost of high-priced labor, but will also insure you a better crop of wheat by enabling you to get your wheat sown in good season.

We have the McCormick Binders in stock and can give immediate delivery. Come and see us. CHAS. U. STEVENS, 37 SOUTH THIRD STREET.

Sudden changes are characteristic of our climate. Even the hot weather show may develop into a frost.

Africa is three times larger than Europe.
